Job Description:

This is skilled firefighting work in suppressing, extinguishing, and preventing fires; in rendering medical assistance at medical and other emergency scenes; hazardous materials mitigation; technical rescue; and operating and maintaining Fire Department equipment, apparatus, and quarters.

Work involves responsibility for the protection of life and property through performance of firefighting, rescue, Emergency Medical Service (EMS), and related duties. Work is

performed as a team: including training and participation in the use of firefighting and emergency medical equipment, performance of which may be hazardous under emergency conditions. Work may require the firefighter to remain on duty for several consecutive shifts due to emergency situations. Work may require strenuous exertion under such environments as smoke, fire, heat, confined spaces, and infectious disease.

When not engaged in firefighting, rescue, or first responder activities, a significant portion of time is devoted to training and studying methods and techniques, inspecting premises for fire hazards, routine duties in the care of the station and equipment maintenance, and other departmental duties as assigned.

Specific orders and assignments are given by a superior officer, in both firefighting and at the fire station, and performed under close supervision in accordance with established policies and procedures. However, performance of the work requires initiative and thorough understanding of firefighting methods and emergency medical care as learned on the job and in training.

Responds to fire alarms with a company; drives apparatus; operates and uses pumps and ladders, uses chemical extinguishers, hand tools, hooks, hose lines and other equipment.

Ventilates burning buildings by opening windows and skylights or by cutting openings in roofs and floors; removes persons from danger; administers emergency medical care to ill or injured persons.

Performs salvage operations by placing salvage covers, sweeping water and removing debris.

Performs emergency medical assistance to fire victims and/or as first responders to medical and other emergency situations.

Participates in daily training sessions; reads and studies assigned materials regarding firefighting, emergency medical care, fire prevention and related subjects, studies the theory and techniques of firefighting, emergency medical care, hydraulics, fire chemistry, and related subjects; participates in a variety of drills and instructions.

Inspects buildings and premises for familiarization, checks for fire hazards, participates in the inspection and maintenance of fire hydrants, cleaning away snow, ice and grass for accessibility.

Operates fire apparatus and may assume command of a fire company on an as needed basis.

Participates in pre-planning survey of commercial, industrial and institutional structures.

Performs general maintenance work in the upkeep of Fire Department property; cleans and maintains fire stations and equipment; performs other maintenance duties.

Performs fire prevention and public fire education work.

Requirements:

- Graduation from high school or possess State Equivalency Diploma (GED); and the following knowledge, skills and abilities:
